

You can now receive certain healthcare treatments at a local pharmacy, without having to get a prescription first.

The Victorian Government's Community Pharmacist Pilot is making healthcare more accessible. **Here are some other treatments you can access.**

Treatment for shingles

If you have one of the following symptoms, you may have shingles:

- painful blistering rash
- a tingling, burning sensation on the skin.

If you are aged 18 years and older, you may be eligible for treatment.

Treatment for urinary tract infections

If you have any of the following symptoms, you may have a urinary tract infection:

- stinging or burning when passing urine
- feeling the need to pass urine frequently or bladder still feels full after passing urine.

If you are female and aged between 16 -65 years you may be able to get treatment.

Treatment for a flare up of mild plaque psoriasis

If you are aged 18 years and older, and currently have a flare-up of mild plaque psoriasis, speak to a participating pharmacist to check if you can get a resupply of your cream or ointment.

Resupply of an oral contraceptive pill

If you are aged 16-50 years and currently take an oral contraceptive pill, speak to a participating pharmacist to check if you can get a resupply.

Travel and vaccines

If you are travelling overseas or need a public health vaccine, pharmacists participating in the Pilot can administer a range of travel vaccinations as well as hepatitis A, hepatitis B, poliomyelitis, typhoid vaccines (for people aged 5 years and older).

For more information and to find a local pharmacy providing these services visit: go.vic.gov.au/49C6sFc
