

Have you recently travelled overseas?

Do you have symptoms which include:

fever

runny nose

red eyes

cough

followed by a
rash

If you have these symptoms,
tell staff **immediately**

Ask for a face mask at the front desk
and keep it on until told that you can
take it off

For more information on measles and how to protect yourself and your family, scan the QR code or visit <https://www.betterhealth.vic.gov.au/health/conditionsandtreatments/measles>
